

# Groundswell

Out of homelessness

**An Example of an Integrated  
Care Model for Homeless People  
within Primary Care**

# What is Inclusion Health

What does this mean to you?

Have you heard of other terms?

# Inclusion health groups

**WHATEVER YOUR WORLD, YOU'RE WELCOME IN OURS**

# Health Equality vs Health Equity

Health Equality	Health Equity
<ul style="list-style-type: none"><li>• The distribution of health between different population groups</li><li>• Those who are poorer, and disadvantaged are sicker and live shorter lives than the most affluent in society</li><li>• Not all factors are controllable, e.g. age, genetics</li></ul>	<ul style="list-style-type: none"><li>• Healthcare provision that matches the healthcare needs of the individual</li><li>• The correct and fair provision of health services for those who need it most.</li></ul>

# Innovation in response to need

Model designed in collaboration and co production with all our communities.

- Primary Care Centre
- Street Health Team
- Late Night Clinic for Sex Workers
- Pathway Team
- Intermediate/Respite Facility
- Well Being Centre
- End of Life Care

**Groundswell**

Out of homelessness

# Innovation in response to need

- CQC Outstanding 2016 - 2023
- **SHT:** average 75% increase seen in the uptake of primary care services in the three months after first engagement with street health team
- **Pathway:** 62% reduction in total in-patient and A&E costs - estimated £7 million saving in secondary care since the commencement of the service in 2013
- **Intermediate Care:** yielding £2 to £4 return on £1 spent (Health Economics Evaluation)
- Good multi-disciplinary communication
- Safer Medicines Management
- Effective resettlement to sustainable accommodation

**‘We should take pride in the fact that despite our financial and economic uncertainties, we are still able to do the most civilized thing in the world, put the welfare of the sick in front of every other consideration’**

**Groundswell**

Out of homelessness
